ASK YOUR CHILD ABOUT:

What color did we paint our dinosaurs?

What is your favorite dinosaur?

Which was the longest dinosaur?

The students were fascinated about the size and shape of the many different types of dinosaurs that use to roam the earth. We measured the length of the dinosaurs using string down the long hallway. The boys and girls were amazed they were so long. Their most favorite dinosaur was the T-Rex because it was so big and scary. We talked about how the other dinosaurs had special armor to protect them from his sharp teeth.

We are sending home tie-dye field trip shirts. It really helps us out to have your child wear this shirt on field trip days so we can easily identify our whole group. Your child will keep this shirt.

Here are some upcoming dates to put on your calendar:
